THE OSA EXPLORER

A six-night private expedition
through Costa Rica's wild south,
from rainforest roads to protected
waters.

TP • PRIVATE JOURNEYS

WHY THE OSA IS DIFFERENT

Wildness here is not a backdrop. It is the journey.

The peninsula sits within a remarkable conservation landscape where primary forest, working communities and protected waters meet.

Exploring it feels slower, more elemental and more connected to place.

THE JOURNEY AT A GLANCE

6 nights · 2 landscapes · 1 continuous story

CHAPTER ONE

INTO THE PENINSULA

DAY 1

Arrival at the base Lodge, introduces the rhythm of the journey: a private reserve, forest at the doorstep and the Land Cruiser as a tool for deeper exploration.

DAY 2

STORIES OF OSA

*The peninsula, shared by the families
who know it by heart.*

Meet local families and see the Osa through their eyes. Food is prepared together, stories unfold around the table and traditions are shared as they have been for generations. It is a personal day, filled with conversation, activities, laughter and a genuine sense of welcome.

DAY 3

INTO THE WILD

Forest roads and seasonal river crossings take us deep into the Osa, towards waterfalls hidden among the trees. Along the way, we may stop at a community sea turtle conservation project, with releases possible during the nesting season. At the waterfall, there is time for a picnic beside the river and a refreshing swim before returning through the forest

RAINFOREST MEETS THE PACIFIC

Follow the coast toward Cabo Matapalo for beaches, an unhurried lunch and sunset drinks.

CHAPTER TWO · DAY 5

ACROSS THE WATER

The roads fall away as a private boat carries us across Golfo Dulce towards Playa Cativo. Rainforest lines the shore, and the gulf's rich waters usually reveal resident dolphins, sea turtles, rays and seasonal humpback whales along the way.

DAY 6

RÍO ESQUINAS MANGROVES

A peaceful morning by kayak through an important mangrove ecosystem. Later, the lodge garden brings the journey back to cultivation and care before a final evening together.

Quiet water. Deep roots. A gentle farewell.

TWO LODGES, TWO PERSPECTIVES

EL REMANSO LODGE

The forest base

Immersion, reserve access, wildlife and the Land Cruiser chapter.

PLAYA CATIVO LUXURY LODGE

The water base

Golfo Dulce, mangroves, marine life, rainforest and a softer final rhythm.
